### 弋果！信任託付、安心學習美語的好所在

要與國際接軌，美語能力是最直接的條件之一，因此，在選擇孩子學習的地方就需要格外謹慎。

學語言，環境是關鍵，大量的聆聽與練習幫助建構模式，所以接觸語言的頻率就需提升。我喜歡弋果，因為孩子能每天上課，而且全程由外師執教，在美加小學教材的系統下，孩子跟著外師使用美語、學習美語，全美語環境讓美語變成一種自然溝通的可能。弋果還有精心策劃的寒暑假營隊，主題情境的創造讓孩子開拓視野，戶外教學活動帶給孩子團康的樂趣，經由營隊課程設計，孩子自然養成團隊合作的態度，同時延展美語學習的深度與廣度。

從學期課程到冬夏令營，Vincent跟著弋果的腳步，對美語充滿熱情和自信，尤其是課堂上的吸收與運用，都讓為娘的我驚喜。當然在學習中也曾遇到困難，皆在與學校流暢的親師交流中得到良好的建議及改善，弋果的專業，讓我相信它就是家長可信任託付孩子、安心學習美語的不二選擇！

## My Summer Vacation

I have had a long dream to travel and explore the world. It's always exciting to plan a trip with my family. This summer, my dad made all of my wishes come true with a trip to the United States of America.

After a long flight, we arrived in Los Angeles. I was happy because I would not need to eat disgusting food anymore. We spent a few days in L.A. seeing the sights and then caught a domestic flight to West Yellowstone. Yellowstone has many geysers and the most famous one is Old Faithful. Old faithful is very spectacular and lasts for two minutes when it erupts. Later, on our way back to the hotel, our trip was delayed by a herd of bison in the road. They moved on after two hours when park rangers shooed them away. At last, we made it back to our lodge and had a sweet dream.

The following day, we stopped by a beautiful Yellowstone Lake. As we took in the scenery, something moving on the ground nearby caught my eye. After a closer look, I realized it was a snake and shouted for everyone to get back to avoid a bite. Snakes can be scary, but we were lucky to see so much wildlife on our trip. In addition to snakes and bison, we also saw: wolves, ground squirrels, deer, elk, grizzly bears, hawks, and many more.

Another memorable experience was rafting on the Snake River in Grand Teton National Park. While rafting, our tour guide found a family of beavers near the river bank. We started counting and were amazed to find that there were ten in all! During our rafting trip, we were also lucky to see a bald eagle sitting on its nest. The rafting trip was awesome!

After rafting, we went to a restaurant for dinner. At the restaurant, my mother was having difficulty reading the English menu and when it came to order, she randomly chose one of the steaks on the menu. The menu did not have prices and we later learned when we went to the cashier, that my mom had ordered the most expensive food on the menu. We all had a laugh about it, but my mother felt embarrassed, so she asked me to order for her next time.

Another experience that I will never forget is horseback riding. The coach taught us how to ride and joined us on our ride. My horse was very playful and often chased the other horses. The coach lead us to a river bed where it was beautiful watching the horses splash in the water as they trotted. He was very knowledgeable about the environment, teaching me about the plants and animals in the area. He also taught me about forest fires and how they affect the area. On our way back to the riding center, we had the horse jump over a series of short bushes.

Soon after, we were on an airplane leaving Yellowstone where I sat and I recalled what had happened during our visit. I am lucky to be a student at American Eagle Institute, because if I weren't, I would not have the English ability needed for our trip to America. I will always be grateful to my dad for taking us to America for our summer vacation. It is a memory that I will cherish my entire life.

### 弋果讓孩子們在快樂的環境下，用對的方式，學好的美語

「讓我們的孩子在快樂的環境下，用對的方式，學好的美語」這是弋果美語自1999年成立以來堅持的原則，弋果美語松山敦化分校秉持相同理念，將這樣的美語學習方式，帶給家長與孩子。走進弋果明亮與寬敞的教室，迎接孩子的是沒有壓力的全美語環境，英文對他們而言不再是一門冷冰冰學科，而是像母語一般，與老師及同學分享彼此日常生活點滴最直接的方式。

在弋果，我們特別重視培養孩子自發性的閱讀習慣。微軟創辦人及世界首富比爾蓋茲熱愛閱讀，每年至少閱讀50本書，而在弋果的孩子，每年也閱讀超過50本的英文課外讀物，這都是透過老師引導鼓勵，循序漸進的養成閱讀習慣。

在寫作的部分，我們透過外籍老師的引導，更能加深孩子在英文文法上的正確運用，這樣持續且無壓力的學習，將美語內化為第二母語，有別應考而學習的目的，在多頻學習的方式下，打造孩子們全方位的美語實力！弋果的孩子學到Grade 4，即可撰寫300字以上的英文文章，學到Grade 5，可寫出500多個字的長篇文章。有別於其它品牌的美語教學方式，弋果堅持無痛學習，無形中減少了孩子學習的挫折，學習成效更是顯而易見。

To see is to believe. 美加同步與國際接軌的弋果美語，竭誠歡迎您的加入與見證，讓我們帶領著您的孩子，一起迎向全世界。
