### Young Explorers Discover Rare T. Rex

Three young explorers, Jessin and Liam Fisher, and their cousin Kaiden Madsen, found a rare young T. rex fossil while looking for fossils in North Dakota. They went fossil hiking with their dad, Sam Fisher. This exciting find was shown at the Denver Museum of Nature & Science in a special exhibit called "Discovering Teen Rex."

The fossil was in a huge rock and took 11 days to dig out. It included the dinosaur's legs, hips, and most of its skull. Dr. Tyler Lyson, a scientist at the museum, discovered it was from a T. rex. This young T. rex was about 25 feet long and 10 feet tall, weighing around 3,500 pounds. It was about two-thirds the size of an adult T. rex and died 67 million years ago.

It's a significant moment for science as only a handful of juvenile T. rex skeletons have ever been found. Dr. Lyson said this find is important because young T. rex fossils are very rare and can teach us how these dinosaurs grew.

The "Discovering Teen Rex" exhibit will help kids learn about dinosaurs and science. It shows different dinosaur fossils and has a lab where visitors can see how fossils are prepared. Dr. Lyson hopes this exhibit will inspire kids to explore and learn more about the natural world.

### 突破恐懼，激發學習美語的熱情

台北世貿旗艦校 Immersion Grade 1 Oliver Zheng 媽媽

在進入弋果前，Oliver 對美語是很抗拒的，過去缺乏良好的語言學習經驗，讓他對美語產生了極大的恐懼。一開始，光是寫下A到Z的字母，就需要耗費30分鐘，這段日子對我們全家來說，是一個既煎熬又令人擔憂的過程。然而，我們懷著轉變的期待，讓Oliver跟隨姐姐Aceline的腳步，參加了弋果夏令營，這也成為他學習旅程的全新起點。

在短短不到半年的時間裡，我們看到Oliver的巨大進步。他不僅克服美語學習的障礙，甚至愛上了這門語言。現在，他會主動分享學到的新單字，還熱情地向我們介紹詞彙的拼法，甚至還糾正我們的英文書寫，這些改變，讓我們感到無比欣慰，也更深刻感受到弋果在教學上的用心和努力。

弋果老師們不僅傳授知識，更以愛心與耐心點燃Oliver學習的熱情，並讓他重拾自信。從曾經膽怯地避開美語，到如今勇於學習並樂在其中，Oliver的蛻變是對弋果教育力量的最佳見證。

看到現在的Oliver，我們更加堅信當初選擇弋果是正確的決定。老師們的陪伴和引導，讓他不僅學到語言，更擁有持續探索與學習的動力，我們期盼他未來能在弋果的教育環境中繼續快樂學習，健康成長。感謝弋果所有老師，謝謝您們的用心教導與陪伴，正因為您們的付出，Oliver的學習之路充滿無限可能！

### If I Were an Animal 林口竹林分校 Immersion Grade 4 Sophie Lee

If I were an animal, I would like to be an eagle. If I were an eagle, I could fly in the sky. I could fly above the clouds and meet my family. We could build a nest in a giant tree. We could easily catch the small animals to be our snacks. One thing I really like about eagles is that they could travel the world without any vehicles. We could meet our cousins in other countries like Japan, Canada, Australia, or America. We could also visit different countries to have fun or stay in Taiwan and play in the Eagle Park.

If I were an eagle, I would be attending Eagle School. The teachers would be very kind, and the students would be very focused in class. In eagles' world, it would be peaceful, but sometimes they will be facing danger because humans would kill them for wealth. In Eagle School, they would teach us how to fly, how to avoid traps and how to prey for animals. We would use eagle's language in class and use their letters when doing our work. We would have quizzes every week, but we would also have extra activities every day after class, such as flying, diving, and building nests.

The animal I would like to be is an eagle. What would you like to be?
